

Wooler Weekly KS1 Harvest Edition

In Year 1 the children have been ordering numbers from greatest to smallest. This week's maths challenges have followed an autumn theme.

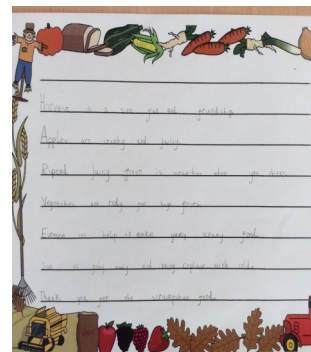

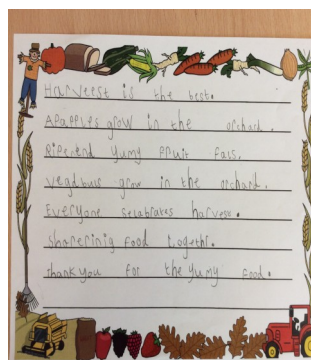

We have been having fun in forest school threading leaves to make caterpillars.

Cherry Class have been creating animals from leaves. They have also enjoyed painting pictures of deciduous trees in autumn.

In art, Year 2 have been using autumn leaves to create colourful prints. We used lots of brightly coloured paints to create really effective autumn pictures.

In our writing, Year 2 have been creating acrostic harvest poems. We discussed what harvest time is about and thought of lots of different ideas we could use in our poems. We hope you enjoy reading some of them!
